Regarding the Launch of Our English IR Website

We are pleased to announce the launch of the English version of our Investor Relations (IR) website, designed to help both domestic and international stakeholders gain a deeper understanding of our initiatives and corporate information.

English IR Website: <https://www.jt-corp.co.jp/en/>

The Tokyo Stock Exchange encourages listed companies to enhance English-language disclosure as part of its efforts to attract overseas investors and promote corporate value through active dialogue.

Recognizing the importance of engaging with global investors to achieve sustainable, long-term growth in corporate value, we have developed this English IR website as a key communication platform.

The website will serve as a resource for both domestic and international shareholders and investors, providing access to financial results, timely disclosures, and other relevant information. Moving forward, we will continue to enrich its content to further improve transparency and the quality of our communications.
